SUN DECK

KTV/Indoor Lounge

The one and only luxury KTV is equipped with 4 HD LED TVs and BOSE stereo system, which also works as a movie studio and indoor lounge.

Jaccuzi

The Jaccuzi is placed on the Sun Deck. Divers or not, you should get in the tub and enjoy the sun and breeze from the sea. A real treat for your body.

PILOT DECK

Facilities & Equipments

- Independent AC
- Air-refresh system
- Private bathroom
- HD LED TV
- Lan entertainment
- Safety box

DELUXE OCEAN VIEW SUITE x 6

6 DELUXE OCEAN VIEW SUITES are located on the PILOT DECK. 2 are double-bed and the rest are twin-bed, each of which has an amazing view of the breath taking ocean and islands thanks to the huge window placed right beside the bed. The DELUXE OCEAN VIEW SUITES are perfect for couples or sharing with friends and buddies.

MAIN DECK

VIP OCEAN VIEW SUITE x 3

Facilities & Equipments

- Independent AC
- Air-refresh system
- Private bathroom
- HD LED TV
- Lan entertainment
- Safety box

Located at the front end of the MAIN DECK, spacious, well designed and equipped with single king-size-bed, the 3 VIP OCEAN VIEW SUITES are the most luxurious suites on the ship, which have the largest ocean viewing windows of all the suites onboard whilst providing high privacy for the guests who choose to stay in them.

Grand Dining Hall

The 140 m² grand dining hall serves both Chinese and western buffet. There is a resting area merged with the dining hall which is equipped with cozy couch and a 100-inch HD flat screen, where you can laze around or watch movies or have a show-off of the pictures and vedioes taken from your daily dives.

Outdoor Area

The outdoor area is one of the largest outdoor resting area you can find on the liveaboard ships in Maldives.

Indoor and Outdoor Bars

2 individually designed bars, providing various choices of wines and liqueurs.

LOWER DECK

SUPERIOR CABIN x 2

The 2 SUPERIOR CABINs are located on the LOWER DECK. Slightly smaller than the other suites but with the same quality as any other suites/cabins on board, the SUPERIOR CABINs are the choice of budget.

Facilities & Equipments

- Independent AC
- Air-refresh system
- Private bathroom
- HD LED TV
- Lan entertainment
- Safety box

DELUXE DOUBLE SUITE x 8

8 DELUXE DOUBLE SUITEs are located on the LOWER DECK. Each suite is equipped with 1 double-bed + 1 single-bed. Being the most spacious suites on the ship, the DELUXE DOUBLE SUITEs are perfect for families, couples, sharing with friends and buddies and etc..

Facilities & Equipments

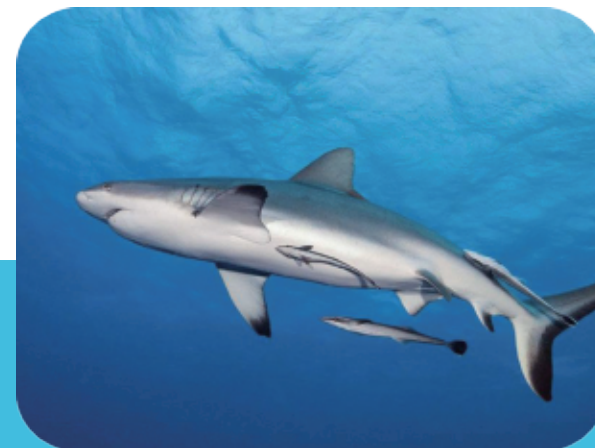

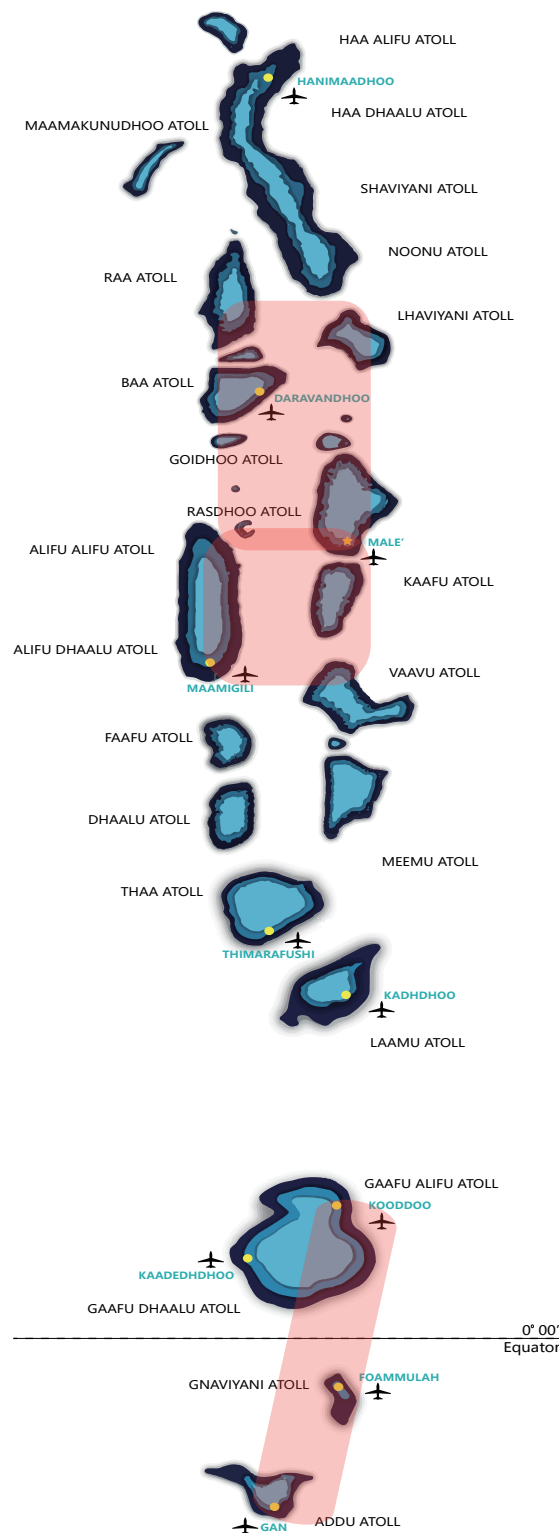

- Independent AC
- Air-refresh system
- Private bathroom
- HD LED TV
- Lan entertainment
- Safety box

INFINITY X TRIPS

The Amazing Oceanic Maldives

Follow INFINITY X to experience the breath taking oceanic Maldives. The INFINITY X trips will bring you experiences beyond your expectations no matter whether you are a diver or non-diver.

DEEP SOUTH MALDIVES

The DEEP SOUTH MALDIVES trip covers 3 atolls: GAAFU ALIFU ATOLL, GNAVIYANI ATOLL, ADDU ATOLL.

The DEEP SOUTH MALDIVES is the advanced diving trip of our Maldives liveboard trips. It will take you all the way south down to the last atoll of Maldives in the southern hemisphere. Usually from January to March, when the right water and weather condition prevail, we are given the opportunity to dive in this amazing far south area of Maldives. During this period of the year, in the south, water pours into the atolls from the outer seas, bringing spectacular things, especially the big ones into the channels in the atolls. Manta ray, whale shark, tiger shark and many other species of sharks. It is a feast of marine giants to your eyes which you'll never forget.

CENTRAL MALDIVES

The CENTRAL MALDIVES trip covers 4 atolls in the center of Maldives: KAAFU ATOLL (NORTH MALE + SOUTH MALE), ALIFU DHAALU ATOLL/SOUTH ARI, ALIFU ALIFU ATOLL/NORTH ARI, VAAVU ATOLL.

The central Maldives has always been the best of the Maldives for liveboard diving because of its relatively calm and clear water, stunning beautiful reefs/islands, which provides a perfect underwater environment for fish and corals that brings various species of marine life. Almost all the marine organisms living in Maldives can be found in this area. Although the calm water provides relatively easy dive sites, different kinds of dives are still involved, such as deep dive, drift dive, night dive and etc..

NORTH MALDIVES

The NORTH MALDIVES trip covers 4 atolls north to Male' : North Male Atoll, Baa Atoll, Raa Atoll, Lhaviyani Atoll.

90% of the corals in Maldives is hard coral. The only 10% soft coral lives in the north. Besides, going to the north, you'll meet the legendary Hanifaru Bay. As a shooting spot of the BBC documentary "The Blue Planet", in Hanifaru Bay, there's a chance that you could see hundreds of mantas swimming together.

TECHNICAL FEATURE

Launched in 2019, INFINITY X is classified by Bureau Veritas (BV) as Passenger Ship, which stands for the highest safety standard in BV ship classification categories, enjoying BV Unrestricted Navigation. Other than GFRP or wood, INFINITY X is made of steel, which gives it incomparable navigational stability under all water/weather conditions, making the ship super comfortable. The ship has a fire rating up to A60 and 5 specially designed watertight areas, each of which has several watertight compartments, making INFINITY X the safest liveboard ship in Maldives.
